

Easy listening

ReSound Vida makes it easy to enjoy life without compromising on the things you want to hear. It features top-rated ReSound sound that's easy on the ears.

You'll move effortlessly, and comfortably, through your day because ReSound Vida automatically adjusts to different environments with **98% accuracy***. In addition, our Synchronized Acceptance Manager will make it easier for you to get used to your new hearing instruments.

Easy on the eyes

ReSound Vida is a complete portfolio of small, discreet hearing instruments, including an attractive new version of our most popular model.

the ReSound
Smart 3D app is
easy to navigate.**

Easy connections

Imagine how effortless connecting would be if you could stream stereo sound from your iPhone, iPad and iPod touch right to your hearing instruments! With ReSound Vida, you can. So talking on the phone or using FaceTime is a breeze. Listening to music is a pleasure. And hearing your favorite podcast is hassle-free.

Be sure to ask about our other wireless accessories: Use the ReSound Phone Clip+ to stream from any Bluetooth phone – even flip phones. Take advantage of the ReSound Multi Mic to stream a loved one's voice right to your hearing aids. Or use the ReSound TV Streamer 2 to stream sound from the TV, so everyone can listen easily and comfortably together.

Easy-to-use

The ReSound Smart 3D™ app is a free, all-in-one app for discreetly – and easily – adjusting your hearing instruments from an Apple or Android device. You can regulate volume, change programs, find lost hearing instruments, and more. And in a recent survey, **86%** of app users said the ReSound Smart 3D app was easy to navigate.**

ReSound Vida's rechargeable option makes it easier to use your hearing instruments, too. There's no need to handle batteries every day – just leave your hearing instruments in the charger overnight, and they'll be ready in the morning.
