

ReSound OMNIA

So incredible we almost couldn't tell you – but now we can

Now your clients can hear their best in noise with an almost unbelievable 150% improvement in speech understanding.* Powered by the industry's only Organic Hearing™.

Wow your clients from the start

Combining the strength of humans and machine with our cutting-edge technology and leading audiological expertise, we developed our most intelligent and automated steering and beamforming system yet. This gives users superior hearing clarity and understanding in all sound environments, so they can love the everyday details in life again.

OUR TRILOGY OF TECH

How we achieved this audiological feat:

1. Widening our sound environment mapping (360 All-Around)
2. Speeding up our processing and steering for faster mode detection and selection
3. Narrowing the beamforming to give even more precision for our best speech clarity in any environment

All working at the same time across any sound environment, enabling your clients to automatically tune into what they want to listen to and not have the hearing aids choose for them.

A SUCCESSFUL FIRST FIT, NATURALLY

Enjoy more time for your clients and work even more efficiently with our optimised fitting software and tools, which help you give your best hearing care, even remotely, and fit many needs and preferences.

Further improve your fitting success for all ReSound products by 13% with ReSound Smart Fit™ 1.15, the very latest version of our fitting software.

IMPROVE ONBOARDING & USAGE

Check My Fit helps users to wear their hearing aids properly and get the most out of ReSound OMNIA™ each day, which can lead to fewer service visits. Available in the ReSound Smart 3D™ app.

Powered by Organic Hearing

SOUNDS NATURAL

Emulating the natural hearing process and the natural ways we listen as closely as possible, helping the brain to hear as nature intended.

- Our best speech understanding in noise*¹
- Hearing clarity all around¹
- Natural own voice perception²

FEELS NATURAL

Adapts organically to the person for the best wearing comfort all day long, with ease of use.

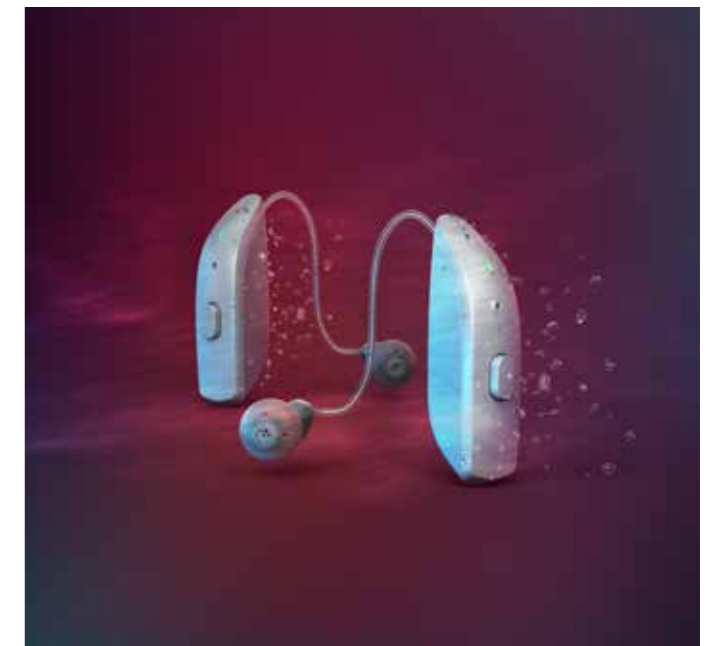

- Optimal comfort on the ear
- All-weatherproof design for less maintenance
- Check My Fit for easier onboarding

CONNECTS YOU NATURALLY

Inspired by the way we intuitively interact with people and devices in our daily lives.

- Crystal clear phone calls
- Hands-free calls for iPhone and iPad*
- Direct streaming from your favourite devices

STYLISH COLOURS

Get a beautiful finish on an ergonomic design that raindrops just slide off.

- Sparkling Silver
- Champagne
- Gold
- Bronze
- Warm Grey
- Graphite
- Espresso
- Deep Black

* Compared to our legacy technology
¹ Jespersen et al (2022)
² Groth et al (2022)

* ReSound OMNIA hands-free calls are compatible with iPhone 11 or later, iPad Pro 12.9-inch (5th generation), iPad Pro 11-inch (3rd generation), iPad Air (4th generation), and iPad mini (6th generation) or later, with software updates iOS 15.3 and iPadOS 15.3 or later.
