

People with hearing loss are at the heart of everything we do because we know they're placing their trust in us. This is why we've been pioneering innovative new technologies, with consistent quality, for over 150 years to help people feel more involved, connected and in control, transforming their lives through the power of sound. Available exclusively through audiologists and hearing care professionals.

ReSound is part of the GN Group – pioneering great sound from world-leading ReSound hearing aids to Jabra office headsets and sports headphones. Founded in 1869, employing over 5,000 people, and listed on NASDAQ OMX Copenhagen, GN makes life sound better.

Expand your hearing experience

THE RESOUND ECOSYSTEM OF WIRELESS CONNECTIVITY

GN Making Life Sound Better

Connect, interact and engage with your world

With our ecosystem of wireless connectivity you can stream, control and personalize the sound to your ReSound hearing aids without wearing an intermediary device around your neck.

**MADE FOR IPHONE,
IPAD OR IPOD TOUCH**
Make your hearing aids
work like wireless stereo
headphones.

WIRELESS ACCESSORIES
Enjoy opportunities to hear
and do more in challenging
listening situations.

APPS
Control and personalize
your hearing experience
from your iPhone® or
Android™ smartphone.

RESOUND MICRO MIC
Focus on the sounds you want
to hear, even in a noisy place,
and extend your hearing range
up to 80 feet.

RESOUND MULTI MIC
Get all the benefits of the ReSound
Micro Mic, and more. When placed
on a table, the ReSound Multi Mic
automatically turns into a table
microphone. Plus, it connects with
loop and FM systems*, and uses a
line-in for streaming audio to your
hearing aids.

RESOUND PHONE CLIP+
Make crystal-clear phone calls,
mute background noise while you
talk, or stream music, podcasts or
any audio from your phone.

RESOUND REMOTE CONTROL
Intuitive control over volume and
program settings with large, easy to
use buttons.

RESOUND REMOTE CONTROL 2
Adjust the volume or mute your
hearing aids, switch programs, and
see all your settings at a glance.

RESOUND TV STREAMER 2
Stream stereo sound from your
TV, computer or music system.

**RESOUND SMART 3D™ APP AND
RESOUND CONTROL™ APP**
Personalize and control your
hearing aid settings from your
iPhone or Android smartphone.

* FM receiver required

Make your hearing aids work like wireless headphones

Make a phone call, listen to a movie or get turn-by-turn directions all streamed from your iPhone®, iPad® or iPod® touch directly to your hearing aids. With no neck loop or intermediary device, MFi connectivity is the easiest, most discreet way to make your hearing aids work like wireless stereo headphones.

If you don't have an iPhone, you can still stream stereo sound for calls and music from your Android™ smartphone or any other Bluetooth-enabled phone. Simply pair your phone with the ReSound Phone Clip+.

Made for
iPhone | iPad | iPod

Extend your hearing

The ReSound Micro Mic and ReSound Multi Mic enable you to connect to the world's smartest hearing aids*; and feel confident that you won't miss a beat in conversation.

RESOUND MICRO MIC

Extremely easy to use, the ReSound Micro Mic pairs to ReSound hearing aids* in seconds. Clip it on to the clothing of the person you want to talk to and enjoy the conversation, even in background noise – and you can still hear them even if they are up to 80 feet away.

RESOUND MULTI MIC

Works like the ReSound Micro Mic, with the same hearing range of up to 80 feet, but also doubles as a table microphone, so you can hear everyone sitting around it. It's compatible with loop and FM systems**, and even has a line-in so you can stream virtually any sound directly to your hearing aids.

*Compatible with all ReSound wireless hearing aids

**FM receiver required

ReSound TV Streamer 2

Connect with ReSound wireless accessories

STREAM STEREO SOUND TO YOUR HEARING AIDS

Don't have an iPhone? You can still stream stereo sound to your ReSound hearing aids. Simply pair any Bluetooth-enabled phone with the ReSound Phone Clip+ and use your hearing aids as headphones for phone calls, or for streaming stereo sound from videos, playlists or podcasts.

The Phone Clip+ also works as a basic remote control for your hearing aids. You can adjust the volume and mute/unmute the sound you stream to your hearing aids.

Wireless connectivity with the ReSound Phone Clip+.

ENJOY FAMILY MOVIE NIGHT

With the ReSound TV Streamer 2 plugged into your TV, stereo or computer, you can stream stereo sound directly into your ReSound hearing aids. You can listen at your volume while the people around you listen at theirs.

And, because you can adjust the volume of your surroundings and the TV independently, you can still chat with family and friends while you watch TV together.

ReSound Remote Control

INTUITIVE AND DISCREET CONTROL
Larger and easier to use buttons make the ReSound Remote Control the best option for those who prefer a simpler way to control their volume and program settings.

ReSound Remote Control 2

CONTROL AT YOUR FINGERTIPS
The ReSound Remote Control 2 gives you simple control and an overview of the volume and program settings of your hearing aids. You can switch to one of your ReSound streaming accessories, balance its volume with your hearing aids and see all your settings on the backlit display.

Personalize your hearing experience

With the ReSound Smart 3D™ app, you can fine-tune your ReSound hearing aids to your unique taste - all without having to touch your hearing aids.

MAKE ADJUSTMENTS FOR LISTENING COMFORT

The ReSound Smart 3D app allows you to personalize your hearing experience and adjust volume, treble, middle and bass frequencies anywhere, save favorite programs, find misplaced hearing aids and control your ReSound wireless accessories.

CONTROL THEM FROM YOUR WRIST

With the ReSound Smart 3D app for Apple Watch, you can control your hearing aids straight from your wrist - wherever you are.

DISCREET CONTROL OF YOUR HEARING AIDS

Adjusting volume or switching programs is as easy as a tap and a swipe. Simply pair your smartphone with the ReSound Phone Clip+ and use the free ReSound Control app for discreet control over your hearing aids. You can also access and balance the volume of your ReSound streaming accessories such as the ReSound Micro Mic.
