Guardian Drain Lock® Overview
Locking Floor Sink and Floor Drains for Commercial Facilities
Unwanted debris pushed down pipes can lead to drain line clogs, costly repairs, increased maintenance, and insurance claims.

Floor sink drains and sediment baskets are often removed by staff to push unwanted debris down drain lines.

Floor sink drains and sediment baskets are found in commercial kitchens. They are critical to waste and condensate management.

Indirect drain lines protect food prep and refrigerant coils from condensate if there's a drain backup.
Floor drains are found throughout commercial facilities such as restaurants, malls, warehouses, apartments, and theme parks.

Traditionally drains have small screws that are sometimes stripped or broken. **Removing the top grate component can be difficult.**

**Unsecured drains can lead to unwanted debris entering the drain line and the grate becoming a tripping hazard if displaced!**
Why Guardian Drain Lock?

**Innovative, Tamperproof Design**
Prevents unwanted debris from clogging and backing up plumbing lines.

**Pre-assembled**
No Interruption to Operation

**Less Maintenance, Less Repairs, Less Downtime**
Decreased Risk of Insurance Claims, Lawsuits, and City Fines
Innovative, tamperproof design

Tightening the single center Torx bolt flares the plastic inset out securing the assembly into the pipe.

Prevents Clogs, Cuts Down On Solid Waste
Prevents Floating rags/bags from Blocking Pipes
Prevents Blockage in Common Area/City Main Lines
Quick Install

All Guardian drain locks come pre-assembled, saving time and preventing parts being lost down the drain during installation.

Easily installed or removed with no interruption to operation.

Single Unit Design

All components secured together via a crimped, stainless steel Torx bolt and brass nut.
Guardian floor drains can **replace your existing grates without costly repairs.**

No need to re-tap screws or replace the entire housing underneath.

Matching Josam, Smith, and Zurn grate sizes.
Increased Savings by:

- Less Maintenance
- Less Business Downtime
- Less Costly Repairs

Decreased Risk of:

- Damage to Other Tenants
- Insurance Claims
- Plumber cable damaging drain line
- Lawsuits
- City Fines
- Grease trap back ups
Guardian Drain Lock Product Lineup

Dome-D-Lock®
For Floor Sinks

Duo 2-in-1 Basket
For Floor Sinks

Drain-Lock
For Floor Sinks

Floor Drain Lock
For Floor Drains

Floor Lockout
For Floor Drains
**Dome-D-Lock®**

For Commercial Floor Sinks

**Metal Strainer**
Cast aluminum dome

**Undercarriage**
Constructed of polypropylene (PPGF)

**Dome Design**
Allows excellent water flow despite debris build up in the sink

**Tamperproof**
Torx bolt with security key prevents removal

**One-Piece Assembly**

Fits Drain Sizes: 2", 3", 4"  
Style: Round/Dome
Duo 2-in-1 Sediment Basket
For Commercial Floor Sinks

2-in-1 Design
Ensures sediment can be extracted while leaving the primary basket in place for 100% drain protection

Multi-level, Alternate Straining
Top strainer catches large debris while the lower basket sifts out smaller sediment

Finger Pulls
Allows for easy retrieval and clean up of debris

Durable
Constructed of polypropylene (PPGF)

Styles: Round 9.5", Square 8.5"
Duo 2-in-1 Sediment Basket is compatible with Guardian Drain Lock and Dome-D-Lock floor sinks.
Drain Lock
For Commercial Floor Sinks

**Metal Strainer**
304 stainless steel

**Undercarriage**
Constructed of polypropylene (PPGF)

**Tamperproof**
Torx bolt with security key prevents removal

**One-Piece Assembly**

**Fits Drain Sizes:** 2", 3", 4"  **Style:** Round
Floor Drain Lock
For Commercial Floor Drains

**Metal Strainer**
Nickel Bronze

**Quick Install**
Easily replaces your existing grate without costly repairs
No need to re-tap screws or replace entire housing

**Undercarriage**
Constructed of polypropylene (PPGF)

**One-Piece Assembly**

**Tamperproof**
Torx bolt with security key prevents removal

**Sizes:** Josam, Smith, and Zurn
**Styles:** Round, Square
Lockout
For Commercial Floor Drains

Metal Strainer
Nickel Bronze

Blocks Odors
Butterfly valve blocks sewer gas odors and bugs from exiting pipes

Undercarriage
Constructed of polypropylene (PPGF)

Tamperproof
Torx bolt with security key prevents removal

One-Piece Assembly

Quick Install
Easily replaces your existing grate without costly repairs
No need to re-tap screws or replace entire housing

Sizes: Josam, Smith, and Zurn
Styles: Round, Square

Also Available: Falcon BIG RED
Gas hose kits for movable, commercial appliances

Chrome Plated Brass Fittings
- Chrome plating increases durability, helps prevent corrosion
- 360° rotational fittings

PVC Sleeve
- NSF listed PVC sleeve provides an extra layer of protection against damage to the gas connector from abrasion, cuts, or impact
- This added layer of protection also allows for easy cleaning of the connector when dirty

Flexible
- Constructed of 304 braided stainless steel

For indoor use only, not recommended in temperatures below 32°F
Falcon BIG RED
Commercial Gas Appliance Kits

**Standard Kit includes:**
- 1/2" or 3/4" street elbow
- 1/2" or 3/4" gas quick disconnect
- Restraining kit
- 1/2" or 3/4" full port gas ball-valve

**Deluxe Kit includes:**
- (2) 3/4" street elbows
- 3/4" gas quick disconnect
- Restraining kit
- 3/4" full port gas ball-valve
- 3/4" 360° Gas swivel

---

**Approvals**
- ANSI Z21.69 / CSA 6.16
- ANSI Z21.75 / CSA 6.27
- NSF 51 PVC Sleeve
## Lineup Details

### Drain-Lock
- **2" Drain-Lock**  |  GDL2000
- **3" Drain-Lock**  |  GDL3000
- **4" Drain-Lock**  |  GDL4000

### Dome-D-Lock
- **2" Dome-D-Lock**  |  GDLDome2000
- **3" Dome-D-Lock**  |  GDLDome3000
- **4" Dome-D-Lock**  |  GDLDome4000

### Duo 2-in-1 Basket
- **8.5" Square**  |  GDLDUO4500BSKS
- **9.5" Square**  |  GDLDUO4500BSKS

### Tamper-proof Torx Keys
- Fits **2" Drain-Lock** and **Dome-D-Lock**
- Fits **3" Drain-Lock**, GDLT45
- Dome-D-Lock, all Floor Drains, and all Lockouts

### Floor Drain Lock
- **4.65" Round (Josam)**  |  GDLRFD3500J
- **4.70" Round (Smith)**  |  GDLRFD3500S
- **5" Round (Zurn)**  |  GDLRFD3500Z
- **4.52" Square (Josam)**  |  GDLSD3500J
- **4.57" Square (Smith)**  |  GDLSD3500S
- **4.68" Square (Zurn)**  |  GDLSD3500Z

### Floor Lockout
- **4.65" Round (Josam)**  |  GDLRLO3500J
- **4.70" Round (Smith)**  |  GDLRLO3500S
- **5" Round (Zurn)**  |  GDLRLO3500Z
- **4.52" Square (Josam)**  |  GDLSDLO3500J
- **4.57" Square (Smith)**  |  GDLSDLO3500S
- **4.68" Square (Zurn)**  |  GDLSDLO3500Z

Choosing The Correct Floor Drain

Use the sizing template to determine the type and size of Guardian floor drain needed to properly match the floor drain for retrofit.

The 3.5" floor drain manufactured by Josam, JR Smith and Zurn can be retrofitted with Guardian floor drain models.

Visit the product page on RectorSeal.com to download this template.

Note: Please verify the accuracy of your print by comparing the printed ruler with an actual ruler.
