Solutions For HVAC Fittings.

- Precision flaring & swaging in seconds!
- Burnishes surface reducing risk of LEAKS!
- Durable see-through case for better tool visibility
- Sold as tool box kit for easy transportation
- 5 bits per flare kit
  6 bits per swage kit
- Color coded bits for Easy ID

PRO-Fit™ Flare Kit

PRO-Fit™ Swage Kit

Color coded bits for Easy ID

Durable see-through case for better tool visibility

Precision flaring & swaging in seconds!

Burnishes surface reducing risk of LEAKS!
Application • Creates precise and fast standard 45° flare or swage in copper and aluminum line sets for Mini-split HVAC units • The spinning hex flare bit forms a standard 45° flare, and the hex swage bit forms a consistent swage without splits, burrs, blemishes or uneven edges that typically cause fitting connection leaks

Recommended for • Copper & aluminum line sets • Mini-split HVAC units • Any application requiring a 45° flare

FEATURES • Stopper ensures a consistent length of the flare/swage surface • Tip guides the bit into the tube & forms a standard 45° flare or consistent swage • Standard 1/4” Hex Shank fits directly into most power tools without adapter • Color coded hex bits for easy ID • Available in flare or swage bits • Comes in a durable see-through case for better tool visibility
