

CTT™ -EC TABLETS

Evaporative Cooler Treatment

[Description](#) | [Characteristics](#) | [Applications](#) | [Packaging](#) | [Instructions](#) | [Precautions](#) | [Specifications](#) | [Limited Warranty](#)

DESCRIPTION:

CTT™ - EC Tablets, by placement in the reservoir, automatically provide water treatment proportionate to operating conditions without feeder equipment. They prevent hard water mineral scale, ferrous and non-ferrous corrosion, and silt and soil accumulations in evaporative coolers. Preventing these problems improves efficiencies, reduces break-downs, and decreases power costs.
