**Application**
- Supports pipes and mechanical equipment on flat roofs

**Recommended for**
- Gas piping
- Plumbing and Mechanical systems
- Industrial piping
- Conduits and Cable tray
- HVAC equipment and ductwork
- Telecommunication equipment
- Solar panels
- Roof top walkways

**FEATURES**
- Perforated metal strap to quickly clamp up to 2" pipes (included)
- Numbered pipe grooves to align and stabilize conduit and pipes
- Interlocking Tabs
- Screw Guides
- UV resistant 5 years
- Lightweight and easy to install
- Made of 100% Polypropylene Copolymer (CoPP)
- Withstands temperature up to 200°F
- Insulated base protects surface and prevents vibration

**Extra accessories**
- Extension risers to raise pipe extra 8 to 10"
- Universal strut for heavier applications- strut provides even distributions of weight and greater load bearing capacity

**Dimensions:** 8" x 7.5" x 5"

Load Rating:
- 200 lbs.
- 250 lbs. with strut
