Designer Mats & Grids are Balco’s premium approach to entrance floors. Each one is an array of our highly slip-resistant materials, abrasive and carpet, in an aesthetic pattern of color. Recently updated to modern looks, these four styles combine attractive design with tested performance. This dynamic combination of form and function make Designer Mats & Grids the ideal approach to a building’s entrance.

**Mat & Grid**

**Features & Benefits:**

- Engineered to provide maximum slip resistance, even in wet conditions, lowering the liability risk of slips and falls (ADA compliant)

- Built to capture dirt and moisture from foot traffic and trap it below the surface, prolonging the life of the surrounding floor

- Simple maintenance with either roll-up or lift-out sections

- Customizable to fit almost any size and shape

- Indoor or outdoor use

- Made from ECO-friendly materials
