5. Place the ATTENTION sticker on unit in a clearly visible location. (fig. 3)

The AquaGuard® AG-1200+ is a Communicating HVAC System. (fig. 1)

ATTENTION: Clean surface with included alcohol pad before mounting with adhesive tape.

WARNING: This device must be installed in accordance with manufacturer’s instructions. The unit must be in accordance with all applicable local plumbing, drainage and electrical codes. The AquaGuard® AG-1200+ is a communicating HVAC system. (fig. 1)

WARNING: Remove electrical shock hazard – DISCONNECT THE POWER BEFORE INSTALLING AG-1200+ to avoid electrical shock and/or equipment damage. Do not use on circuits exceeding 24 volts. A. With unit on, test switch by pulling the float pin up. (fig. 2) B. Fail to start causing switch to be defective within the three, five or ten (3, or 10) year period from the date of purchase, it shall be repaired or replaced, at RectorSeal’s option, subject to the GENERAL TERMS and CONDITIONS set forth below. This warranty extends only to the original consumer purchaser and is nontransferable.

LIMITED WARRANTIES AND LIMITATION OF LIABILITY

1 YEAR SWITCH AND SENSOR LIMITED WARRANTY AND LIMITATION OF LIABILITY

The limitations of liability set forth below include bodily injury and any component parts as well as the product itself as a whole. RectorSeal warrants to the original consumer purchaser (“Purchaser”) of the AquaGuard® AG-1200+ switch and sensor products, that they are free from defects in material or workmanship for a period of one (1) year from the date of purchase. If this device proves to be defective within the one (1) year period from the date of purchase, it shall be repaired or replaced, at RectorSeal’s option, subject to the GENERAL TERMS and CONDITIONS set forth below. This warranty extends only to the original consumer purchaser and is nontransferable.

EXCLUSIONS

This warranty does not cover damages resulting from use of components or accessories not approved by RectorSeal. This device must be installed in accordance with manufacturer’s instructions. The unit must be in accordance with all applicable local plumbing, drainage and electrical codes. The AquaGuard® AG-1200+ is a communicating HVAC system. (fig. 1)

FAILURE TO READ AND COMPLY WITH ALL WARNINGS, CAUTIONS AND INSTRUCTIONS PRIOR TO STARTING INSTALLATION MAY CAUSE PERSONAL INJURY AND/OR PROPERTY DAMAGE AND VOID WARRANTY. IN any installation where property damage and/or personal injury might result from an inoperative switch due to power outages, a back-up system(s) and/or alarm system(s) must be installed.
