PRODUCT DATA SHEET

ACTABS™

Air conditioning drain pan treatments

Description

Actabs™ is an EPA registered drain pan treatment that eliminates or prevents most blockages in air conditioning and refrigeration drain lines due to the build up of bacterial slime, rust, scale, sludge, air-borne dust, silt and other solids. When placed in drain pans, Actabs™ unique dispenser will prevent clogs in units for up to 3 months. Helps prevent water damage to floors, ceilings and equipment. Can be used in computer rooms.

Applications

Actabs™ EE is for systems 1 to 5 tons. Actabs™ is a larger version for systems 6 to 15 tons. It is designed for commercial size air conditioning units that are commonly found in motels, hotels, hospitals, nursing homes, schools, apartment and office buildings. Actabs™ is the largest of the self releasing dispensers. It was designed for larger drain pans (16 tons and over) with a greater volume of condensate water flow. Actabs™ JR. tablets are packed in bulk for economic monthly treatments for all systems.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. When used as directed ACTABS™ will inhibit the growth of odor causing bacteria and combat stale water odors and keep drain pans clean preventing condensate pan overflow due to drain line blockage. Remove inner package from outer plastic bag. Place the package, hole down and tablets facing up, into drain pan at a point as far from the drain hole as possible. Be sure that the single tablet at one end of the package is farthest from the drain hole. In extremely dirty pans it would be helpful to clean the pan before placing the package. The dirt might block the opening in the bottom of the package and inhibit metering of the ACTABS™. Use one package for each 2 square feet of drain pan area. Replace pouch when tablets have dissolved.

Characteristics | Features

- Unique automatic releasing pouch
- Prevents costly water overflow damage
- EPA-Registered
- Inhibits the growth of odor causing bacteria

Packaging

Code	Size	Qty. per Case	Lbs. per Case	Cubic Feet per Case
68102	Actabs EE - 3 tablet pouch	50	3	0.31
68108	Actabs - 6 tablet pouch	72	8	0.46

Specifications

Flast Point SETA CC	None
Color	White
Shelf Life	2 years minimum, subject to inspection

Suggestions and recommendations covering the use of our products are based on our past experience and laboratory findings. However, as we have no control as to the methods and conditions of application, we only assume responsibility for the uniformity of our products within manufacturing tolerances.

KEEP OUT OF REACH OF CHILDREN**DANGER****FIRST AID**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice. **If swallowed:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor.
