

To help make school/college journeys as smooth as possible we are adding additional journeys to some services and when possible making some buses for the sole use of students. The tables below show our school/college services and extra journeys on our normal timetables.

School services listed below titled 'Dedicated school/college journeys for students only' are only available for the use of school/college students Pupils from any year group and from any school or college located on the route can travel on these buses. If you need to travel on the same bus as pupils from another school then please sit with others from your own school, ideally from your own year group. Where possible we ask you to maintain social distancing, although capacity on these buses will be increased allowing students to sit next to each other and standing if necessary. The seats behind the driver and any facing each other will be taped off and should not be used. We recommend that all pupils over the age of 11 wear a face covering, exemptions apply.

Service starting with 'S' are and those operated by the local authority are in addition to the normal service (i.e. an extra bus will operate), the other listed services are normal services.

School services listed below titled 'Other school journeys we are running where social distancing is required' are services that all customers are able to use (not just school/college students), and as sure our current guidance on capacity and social distancing whilst on-board remains in place, with reduced capacity and no standing. The seats behind the driver and any facing each other will be taped off and should not be used. All customers over the age of 11 must wear a face covering, exemptions apply.

This list will be updated regularly as more information or changes are made.
