

To help make school/college journeys as smooth as possible we are adding additional journeys to some services and when possible making some buses for the sole use of students. The tables below show our school/college services and extra journeys on our normal timetables.

School services listed below are only available for the use of school/college students Pupils from any year group and from any school or college located on the route can travel on these buses. If you need to travel on the same bus as pupils from another school then please sit with others from your own school, ideally from your own year group. Where possible we ask you to maintain social distancing, although capacity on these buses will be increased allowing students to sit next to each other and standing if necessary. The seats behind the driver and any facing each other will be taped off and should not be used. We recommend that all pupils over the age of 11 wear a face covering, exemptions apply.

Service starting with 'S' are addition to the normal service (i.e. an extra bus will operate), the other listed services are the normal service but will be only available to students.

This list will be updated regularly as more information or changes are made.
