

NutraSoft[®] DG

GYP SUM

NutraSoft DG Gypsum is better than pulverized gypsum products normally used because of its fine grind. A finer grind causes the product to work faster and more effectively. NutraSoft DG is first ground to a flour-like powder and then is made with a moisture activated binder to form dust free, fertilizer-sized pellets that quickly dissolve when added to the soil.

Apply NutraSoft DG to loosen these heavy, hard-packed soils, allowing moisture and air to penetrate and move freely in the soil, and improving conditions for hearty lawns and gardens.

Apply NutraSoft DG to counteract the harmful effects of ice-melting salts and repair pet yard spots. Gypsum is pH neutral and will not increase soil pH and may lower (or reduce) soil pH of unproductive, highly alkaline sodium soils. NutraSoft DG contains sulfur and calcium, two essential nutrients for plant growth.

ADVANTAGES:

- Fast and easy to use; no mess
- Loosens hard-packed soils
- Increases nutrient availability
- Stretches you fertilizer dollars
- Counteracts salt damage
- Repairs unsightly pet spots in your yard
- Spreads accurately with any spreader
- Supplies calcium and sulfur, vital nutrients for plant growth (test your soil to determine nutrient requirements)

NutraSoft DG is non-burning and is non-toxic to humans, animals, and plant life when used according to label directions. For best results, water the soil well after a NutraSoft DG application.

New Lawns: Apply 40-100 lbs. of NutraSoft DG per 1,000 square feet before seeding. Rake or till thoroughly into top 3" of the soil. Use higher rates for high clay soils.

Established Lawns: For corrective action, apply 25-40 lbs. per 1,000 square feet in the spring and again in the fall. Use 80-130lbs. per 1,000 square feet of this product on higher clay or heavily compacted soils.

Maintenance applications should be repeated 1-2 times per year (spring/fall), at a rate of 6-12 lbs. of product per 1,000 square feet to maintain proper soil conditions.

Gardens: Mix in 10-20 lbs. per 100 square feet and water thoroughly.

Roses: Place 1-2 cups around the bush in both spring and fall.

Trees, Shrubs, and Flowers: Apply 2-4 cups around the base of smaller plants. Apply 4-6 cups around the base of larger plants.

Winter Salt Damage, Fertilizer, and Pet Spots (Corrective Application): Apply 20-40 lbs. per 10 square feet for salt damaged areas and apply 1/2-3/4 cup per square foot for small spots.

Compost Aid: Spread out approximately 2 cups over each garden cart load as it is dumped into compost pile. Turn pile daily, adding 2 more cups per day until complete (approximately 1.5 weeks).

APPROXIMATE SPREADER SETTINGS

Settings per 1,000 Square Feet

Spreader Make	10#	20#	40#
Scotts Accugreen (Drop)	10	16	16**
Scotts Speedy Green (Cyclone)	8	13	18
Craftsman Broadcast.....	4.5	7	9.5
Craftsman Drop (20")	5.5	9	9**
Earthway Broadcast.....	14	22	30
2 Wheel Cyclone	4	6	9

NOTE: Settings are approximate. Age and condition of spreader may cause variations.

* Saline-sodic salts

GUARANTEED ANALYSIS

Calcium (Ca)	21.0%
Sulfur (S)	16.0%
16.0% Combined Sulfur	
Calcium Sulfate (CaSO ₄ •H ₂ O).....	86.0%

Moisture content does not exceed.....1.0%

Derived from calcium sulfate.

ALSO CONTAINS NON-PLANT FOOD INGREDIENT: 2% lignosulfates as water soluble binder.

IMPORTANT: READ BEFORE USE:

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this container, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability.

WARRANTY DISCLAIMER and LIMITATION of LIABILITY:

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes of stated on the label when used in strict accordance with the directions.

Manufacturer makes NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. To the extent consistent with applicable law, it is Manufacturer's intent to LIMIT ANY LIABILITY FOR SPECIAL CONSEQUENTIAL OR INCIDENTAL ECONOMIC DAMAGES to refund of purchase price or replacement of product, at Buyer's choice. To the extent consistent with applicable law, manufacturer DISCLAIMS ANY LIABILITY FOR COMPENSATORY OR OTHER DAMAGES ARISING OUT OF ANY USE CONTRARY TO LABEL DIRECTIONS.

LEGAL RIGHTS:

THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS THAT VARY FROM STATE/JURISDICTION TO STATE/JURISDICTION.

WARNING:

MAY CAUSE MILD EYE IRRITATION
MAY CAUSE RESPIRATORY IRRITATION

PRECAUTIONARY STATEMENTS:

- Call a poison center/physician if unwell
- If skin irritation occurs, seek medical advice
- If in eyes, rinse cautiously with water for several minutes; remove contact lenses
- If eye irritation persists, seek medical advice
- Wash hands after handling
- Use only outdoors or in well ventilated areas
- Avoid breathing dust
- If inhaled, remove to fresh air and keep at rest in a position comfortable for breathing
- Store container tightly closed
- Dispose of contents/container in accordance with national/regional/local regulations

FIRST AID MEASURES:

- If inhaled: Move victim to fresh air. Seek medical attention if irritation persists
- If on skin: Wash affected areas with soap and water. Seek medical attention if irritation persists. Wash contaminated clothing before re-use.
- If in the eyes: Immediately flush with water for at least 20 minutes. Seek medical attention if irritation persists.
- If swallowed: If victim is alert and not convulsing, give one glass of water to dilute material, but DO NOT induce vomiting. Seek immediate medical attention.

PPE:

Handlers and applicators should wear NIOSH-approved particulate or mist respirator if required. Safety glasses with side shields, goggles, or a face shield, long-sleeved shirts, rubber gloves, and local exhaust ventilation are recommended.
