

17-0-5 Fertilizer
with 0.069% Bifenthrin
Insecticide

- Controls 15+ Listed Insects
- Provides insect control in the lawn while feeding desirable grasses
- Use for perimeter insect control applications
- Bifenthrin provides control of surface feeding insects including chinch bugs, sod webworm, mole crickets, ticks, imported fire ants, as well as other pests listed. For lawn and landscape areas around residential, commercial, institutional, industrial buildings, parks, recreational lawns, and athletic fields.
- Ideal where zero phosphorous is desired.

Table with 2 columns: Component, Percentage. Rows include GUARANTEED ANALYSIS, Total Nitrogen (N), Soluble Potash (K2O), Derived from: urea and potassium chloride, Chlorine (Cl) Max, and F002091.

FLORIDA APPLICATIONS:
We recommend that you follow the Florida Green Industries BMP's at: http://www.flrules.org/Gateway/reference.asp?No=Ref-04706
We recommend that you follow the Florida Golf Course BMP's at: http://www.flrules.org/Gateway/reference.asp?No=Ref-04702

Nitrogen Notice: For those states with nitrogen application restrictions, including but not limited to, MD, NH, NJ and VA, do not apply more than 3.33 lbs of this product per 1,000 sq.ft.

Table with 2 columns: Ingredient, Percentage. Rows include ACTIVE INGREDIENT (Bifenthrin\*), OTHER INGREDIENTS, and TOTAL.

EPA Reg. No.: 53883-160-9198
EPA Est. No. 9198-OH-1M, 9198-OH-2B, 9198-AL-001A, 9198-IN-3S
Underlined letter is first letter used in run code on bag.
\*Cis isomers 97% minimum; trans. isomers 3% maximum.

KEEP OUT OF REACH OF CHILDREN
CAUTION

See other panels for Additional Precautionary Statements.

Table with 2 columns: Section, Content. Rows include FIRST AID and If in eyes instructions.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using toilet.

ENVIRONMENTAL HAZARDS
This product is extremely toxic to fish and aquatic invertebrates. Do not apply when weather conditions favor drift and runoff from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Apply this product directly to the lawn or garden area. Water treated area as directed on this label. Do not water to the point of run-off.

Do not make applications during the rain.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Do not allow children or pets to enter the area until dry.

Do not apply more than 580 lbs. per acre (13.3 lbs. per 1,000 square feet), of this product per year. Not for use on turf being grown for sale or other commercial use as sod, or for commercial greenhouses, nurseries, commercial seed production or research purposes.

This product should be applied when insects first appear. Application of this product should be applied evenly with a properly calibrated drop or rotary spreader over the entire turfgrass area at a rate of 3.33 to 6.66 pounds per 1,000 square feet. A uniform application is most desirable and is best achieved by spreading half of the required amount of products over the area and then applying the remaining half with swaths at a right angle to the first. A thorough irrigation of the treated area, immediately after application will provide best results.

Restrictions concerning use near water.
Do not apply this product within 25 feet of lakes, reservoirs, rivers, permanent streams, marshes, or natural ponds, natural estuaries, and commercial fish ponds.

Table with 2 columns: Section, Content. Rows include STORAGE AND DISPOSAL, PESTICIDE STORAGE, PESTICIDE DISPOSAL, CONTAINER DISPOSAL, and If partly filled instructions.

LAWN AND PERIMETER APPLICATIONS
This product is intended to prevent and reduce insect entry to homes and businesses. When using this product as directed, apply a 6 to 10 feet wide band to the lawn areas around and adjacent to the structure. Observe and apply the following application rates.

Table with 2 columns: Lawn Application, Perimeter Application. Rows include Annual Bluegrass, Weevils, Armyworms, Billbugs, Black Turfgrass, Ataenuis, Cutworms, Mealybugs, and Sod Webworms.

\*This product will provide optimum control of Imported Fire Ants if combined with a mound treatment. A broadcast application of the area to be treated will control foraging worker ants and newly mated queens. In addition a mound treatment at the same time will aid in the destruction of the existing colony. For controlling mounds use a registered pesticide labeled for treatment of fire ant mounds.
\*\*The highest rate noted on the application table may be required to control Imported Fire Ants as well as Chiggers, Centipedes, Chinch Bugs, Fleas, Millipedes and other foraging ants.

In New York State this product may not be applied to any grass or turfgrass within 100 ft. of a water body (lake, pond, river, stream, wetland, drainage ditch). In New York State do make a single repeat application if there are signs of renewed insect activity, but not sooner than 2 weeks after the first application.

Table with 5 columns: Suggested Spreader Settings, SPREADER, GROUND SPEED, WIDTH OF COVERAGE, LIGHT RATE, MEDIUM RATE. Rows include various spreader models and their settings.

NOTICE: Buyer and user assume all risk and liability of use, storage and/or handling of this product not in accordance with the terms of this label.
