material, but DO NOT induce vomiting. Seek immediate medical attention.

#### **DIRECTIONS FOR USE**

Apply only as directed. Use Contec DG® Dispersing Granule Technology 17-0-17 for greens, tees and other fine turf areas where a high nitrogen and potassium application is desired or when iron and manganese are needed to help correct or prevent deficiencies during the growing season.

Watering in this product will disperse each granule into thousands of particles. This will facilitate the movement of the nutrients into the soil. This particle dispersion will greatly reduce ball, shoe and mower pickup.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden and sweep any product that lands on the driveway, sidewalk or street, back onto your lawn/garden.

#### **Application Rates:**

LOW: 2.94 lbs/1,000 sq. ft. HIGH: 5.88 lbs/1,000 sq. ft.

#### FLORIDA APPLICATIONS:

We recommend that you follow the Green Industries BMP's at: http://fyn.ifas.ufl.edu/pdf/GIBMP\_Manual\_Web\_English\_2015.pdf

We recommend that you follow the Golf Course BMP's at: http://www.dep.state.fl.us/water/nonpoint/docs/nonpoint/glfbmp07.pdf

# For all applications:

- Immediately after application, apply a minimum of 0.2 inches of water to disperse
  particles into the root zone. Due to variations in temperature and water pH, best results
  are achieved by splitting the irrigation into 2 applications at 10-15 minutes apart. This
  will allow for more thorough particle dispersion into the root zone.
- Particle color may vary from lot to lot.

#### Cool Season Grasses:

- Apply at the HIGH RATE during the growing season.
- Use the LOW RATE during mid-summer (non-greens usage).
- Exception: On bentgrass and Poa annua, apply at the LOW RATE if temperatures are 85°F or above.

#### Warm Season Grasses:

- Apply at the HIGH RATE during the growing season
- Use the LOW RATE during summer stress.

**Nitrogen Notice:** For those states with nitrogen application restrictions, including but not limited to MD, NH, NJ and VA, do not apply more than 2.94 lbs. of this product per 1,000 sq. ft.

**Notice:** This product contains the micronutrient iron for extra greening and to help prevent iron deficiency. Iron may stain concrete and other surfaces. Misapplied product to these surfaces should be removed promptly by sweeping or blowing. DO NOT WASH OFF WITH WATER.

#### Storage and Use:

Store in a clean, dry place.
Reseal opened bag by folding top down and securing.
Use only clean, dry spreaders.
Do not leave unused product in spreaders.
